PETITIONING THE COURT

- ☐ To extend the term of supervision for years, for a total term of years

You are to reside in a Residential Re-Entry Center for up to 6 months or until suitable housing is secured and approved by the Probation Office. You must observe the rules of that facility.

CAUSE

The defendant is scheduled to release from BOP custody on February 18, 2020. He has been housed for the last two months at the Metropolitan Correctional Center in New York, New York. The defendant submitted a release plan to the Probation Office on February 7, 2020, requesting permission to reside with his father in Boston, Massachusetts. A criminal records check performed on the defendant's father determined that he is currently under state probation after being convicted of firearm-related charges. Therefore, the defendant's request to reside with his father has been denied. The defendant was offered the opportunity to sign off on the above-noted modification to allow him to reside in an RRC until he is able to secure employment and housing. The Probation Office believes that allowing the defendant to transition back into the community via the Coolidge House sets him up for success in the community rather than him being homeless upon release. Please find attached a Form 49 signed by the defendant.
